

§ 4284.514

7 CFR Ch. XLII (1–1–07 Edition)

United States and vertical linkages to domestic and international markets.

(e) *Commitment.* The Agency will evaluate the applicant's commitment to providing technical assistance and other services to underserved and economically distressed areas in rural areas of the United States.

(f) *Matching Funds.* All applicants must demonstrate Matching Funds equal to at least 25 percent (5 percent for 1994 Institutions) of the grant amount requested. Applications exceeding these minimum commitment levels will receive more points.

(g) *Delivery.* The Agency will evaluate whether the Center has a track record in providing technical assistance in rural areas and accomplishing effective outcomes in cooperative development. The Center's potential for delivering effective cooperative development assistance, the expected effects of that assistance, the sustainability of cooperative organizations receiving the assistance, and the transferability of the Center's cooperative development strategy and focus to other States will also be assessed.

(h) *Work Plan/Budget.* The work plan will be reviewed for detailed actions and an accompanying timetable for implementing the proposal. Clear, logical, realistic and efficient plans will result in a higher score. Budgets will be reviewed for completeness and the quality of non Federal funding commitments.

(i) *Qualifications of those Performing the Tasks.* The application will be evaluated to determine if the personnel expected to perform key center tasks have a track record of positive solutions for complex Cooperative development or marketing problems, or a successful record of conducting accurate feasibility studies, business plans, marketing analysis, or other activities relevant to Cooperative development center success.

(j) *Local support.* Applications will be reviewed for previous and expected local support for the Center, plans for coordinating with other developmental organizations in the proposed service area and coordination with state and local institutions. Support documentation should include recognition of rural values that balance employment oppor-

tunities with environmental stewardship and other positive rural amenities. Centers that demonstrate strong support from potential beneficiaries and formal evidence of the Center's intent to coordinate with other developmental organizations will receive more points than those not evidencing such support and formal intent.

(k) *Future support.* Applications that demonstrate their vision for funding center operations for future years, including diversification of funding sources and building in-house technical assistance capacity, will receive more points for this criterion.

§ 4284.514 Grant closing.

(a) *Letter of Conditions.* The Agency will notify an approved applicant in writing, setting out the conditions under which the grant will be made.

(b) *Applicant's intent to meet conditions.* Upon reviewing the conditions and requirements in the letter of conditions, the applicant must complete, sign and return the Agency's "Letter of Intent to Meet Conditions," or, if certain conditions cannot be met, the applicant may propose alternate conditions to the Agency. The Agency must concur with any changes proposed to the letter of conditions by the applicant before the application will be further processed.

(c) *Grant agreement.* The Agency and the grantee must enter into the Agency's "Agriculture Innovation Center Grant Agreement" prior to the advance of funds.

§§ 4284.515–4284.599 [Reserved]

§ 4284.600 OMB control number.

The reporting and recordkeeping requirements contained in this regulation have been approved by the Office of Management and Budget and have been assigned OMB control number 0570–0006 in accordance with the Paperwork Reduction Act of 1995.

Subpart G—Rural Business Opportunity Grants

SOURCE: 64 FR 71986, Dec. 23, 1999, unless otherwise noted.

§ 4284.601 Purpose.

This subpart outlines Agency policies and authorizations and sets forth procedures for making grants to provide technical assistance for business development and conduct economic development planning in rural areas. The purpose of this program is to promote sustainable economic development in rural communities with exceptional needs by:

(a) Promoting economic development that is sustainable over the long term through local effort without subsidies or external support and that leads to improvements in quality as well as the quantity of economic activity in the community;

(b) Catalyzing economic development projects by providing critical investments that enable effective development projects to be undertaken by rural communities that, with the Rural Business Opportunity Grants (RBOG) assistance, will be able to identify their needs and take full advantage of available resources and opportunities;

(c) Focusing assistance on priority communities (defined in § 4284.603); and

(d) Sponsoring economic development activities with significant potential to serve as examples of “best practices” that merit implementation in rural communities in similar circumstances.

§ 4284.602 Policy.

(a) The grant program will be used to assist in the economic development of rural areas.

(b) Funds allocated for use in accordance with this subpart are also to be considered for use by Indian tribes within the State regardless of whether State development strategies include Indian reservations within the State’s boundaries. Indians residing on such reservations must have equal opportunity, along with other rural residents, to participate in the benefits of these programs.

§ 4284.603 Definitions.

Agency. The Federal agency within the United States Department of Agriculture (USDA) with responsibility assigned by the Secretary of Agriculture to administer the RBOG Program. At the time of publication, that agency is

the Rural Business-Cooperative Service.

Best practice project. An action that has potential applicability in other rural communities and which potentially has instructional value when shared with those communities.

Business support centers. Centers established to provide assistance to businesses in such areas as counseling, business planning, training, management assistance, marketing information, and locating financing for business operations. The centers need not be located in a rural area, but must provide assistance to businesses located in rural areas.

Economic development. The industrial, business and financial augmentation of an area as evidenced by increases in total income, employment opportunities, value of production, duration of employment, or diversification of industry, reduced outmigration, higher labor force participation rates or wage levels, or gains in other measurements of economic activity, such as land values.

Long-term. The period of time covered by the three most recent decennial censuses of the United States to the present.

Planning. A process to coordinate economic development activities, develop guides for action, or otherwise assist local community leaders in the economic development of rural areas.

Priority communities. Communities targeted for Agency assistance as determined by the USDA Under Secretary for Rural Development. Priority communities are those that are experiencing trauma due to natural disasters or are undertaking or completing fundamental structural changes, have remained persistently poor, or have experienced long-term population decline or job deterioration.

Project. The result of the use of grant funds provided under this subpart through technical assistance or planning relating to the economic development of a rural area.

Rural and rural area. Any area other than a city or town that has a population of greater than 50,000 inhabitants including the urbanized area contiguous and adjacent to such a city or town. The population figure used
